In setting these fee schedules, the commission may consider differences in the degree or complexity of the activity being performed for each fee.

(c) The fee schedule set for design releases issued under subsection (a)(3) may not be changed more than one (1) time each year. The commission may include in this fee schedule a fee for the review of plans and specifications and, if a political subdivision does not have a program to periodically inspect the construction covered by the design release, a fee for inspecting the construction.

(b) The commission may adopt temporary rules in the manner provided for the adoption of emergency rules under IC 4-22-2-37.1 to carry out subsection (a), including temporary rules concerning a schedule of fees for design releases or inspections, or both. (c) Subject to this section, a city, town, or county that regulated outdoor event equipment before March 15, 2012, under an ordinance adopted before March 15, 2012, may, if the ordinance is in effect on March 15, 2012, continue to regulate outdoor event equipment under the ordinance after March 14, 2012, in the same manner that the city, town, or county applied the ordinance before March 15, 2012. However, a statewide code of fire safety laws or building laws governing outdoor event equipment that is adopted by the commission under this section after March 14, 2012, takes precedence over any part of a city, town, or county ordinance that is in conflict with the commission's adopted code. The ordinances to which this section applies include Chapter 536 of the Revised Code of the Consolidated City and County Indianapolis/Marion, Indiana Codified through Ordinance No. 36, 2011, passed August 15, 2011. (Supp. No. 27). (d) This subsection applies to cities, towns, and counties described in subsection (c) and any other city, town, or county that, after March 14, 2012, adopts an ordinance governing outdoor event equipment that is approved by the commission or ~~a the state building law compliance officer.~~ **commissioner.** The city, town, or county shall require compliance with:

- (1) the rules adopted under this section;
- (2) orders issued under IC 22-13-2-11 that grant a variance to the rules adopted under this section;
- (3) orders issued under IC 22-12-7 that apply the rules adopted under this section; and
- (4) a written interpretation of the rules adopted under this section binding on the unit under IC 22-13-5-3 or IC 22-13-5-4;

on both private and public property located within the boundaries of the city, town, or county, including, in the case of a consolidated city, the state fairgrounds. This subsection does not limit the authority of a unit (as defined in IC 36-1-2-23) under IC 36-7-2-9 to enforce building laws and orders and written interpretations related to building laws.

SECTION 8. IC 22-13-5-2, AS AMENDED BY P.L.22-2005, SECTION 38, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2014]: Sec. 2. (a) Upon the written request of an interested

person, the ~~state building law compliance officer in the department of homeland security may~~ **commissioner of the division of fire and building safety shall** issue a written interpretation of a building law or a fire safety law **not later than ten (10) business days after the date of receiving a request**. An interpretation issued by the ~~state building law compliance officer in the department of homeland security~~ **commissioner** must be consistent with building laws and fire safety laws enacted by the general assembly or adopted by the commission.

(b) The ~~state building law compliance officer in the department of homeland security may~~ **commissioner shall** issue a written interpretation of a building law or fire safety law under subsection (a) whether or not the county or municipality has taken any action to enforce the building law or fire safety law.

For purposes of IC 4-22-7-7, a written interpretation of a building law or fire safety law published by the ~~state building law compliance officer in the department of homeland security~~ **commissioner** is considered adopted by an agency.

(b) A written interpretation of a building law or fire safety law published under subsection (a) binds all counties and municipalities until the earlier of the following:

- (1) The general assembly enacts a statute that substantively changes the building law or fire safety law interpreted or voids the written interpretation.
- (2) The commission adopts a rule under IC 4-22-2 to state a different interpretation of the building law or fire safety law.
- (3) The written interpretation is found to be an erroneous interpretation of the building law or fire safety law in a judicial proceeding.
- (4) The ~~state building law compliance officer in the department of homeland security~~ **commissioner** publishes a different written interpretation of the building law or fire safety law.

(b) The division may select any application for design release to be subject to a plan review. The division has complete discretion in the criteria used by the division to select a design release application for a plan review. A criterion used by the division may be whether the design professional has received disciplinary sanctions under IC 25-1-11-12 within the preceding five (5) years.

Sec. 8. Upon receiving a complete application for a design release, the division shall do one (1) of the following:

(1) Not later than ten (10) business days after the application is received, send written notice to the applicant that a design release will be issued. Not later than the next business day after the date the notice is sent, the division shall provide the applicant with:

- (B) a confirmation number that serves as a temporary design release until the applicant receives a copy of the design release.

(2) Not later than ten (10) business days after the application is received, send written notice that a plan review will be conducted. However, if the applicant does not receive the notice within the period specified in this subdivision, the division shall, not later than the eleventh day after the date a complete application is received, provide the applicant with:

(1) Not later than twenty (20) business days after the date that notice of the plan review is sent, send notice to the applicant that the plans and specifications have been approved for a design release as submitted. The division shall, not later than the next business day after the date that notice is sent to the

applicant, provide to the applicant:

- (A) a copy of the design release; or
- (B) a confirmation number that serves as a temporary design release until the applicant receives a copy of the design release.

(2) Not later than twenty (20) business days after the date that notice of the plan review is sent, send notice to the applicant that a design release will not be issued until the applicant submits corrections to the plans. However, if the applicant does not receive notice within the period specified in this subdivision, the division shall, not later than the twenty-first business day after the date that notice of a plan review is sent under section 10 of this chapter, provide the applicant with:

- (A) a copy of the design release; or
- (B) a confirmation number that serves as a temporary design release until the applicant receives a copy of the design release.

Sec. 10. (a) If the division receives corrections to a plan in response to a notice sent under section 9(2) of this chapter, and any time the division receives corrections to a notice under subdivision (2) thereafter, the division shall do one (1) of the following:

- (A) a copy of the design release; or
- (B) a confirmation number that serves as a temporary design release until the applicant receives a copy of the

design release.

(b) A review under this section is limited to the corrections required by the division pursuant to notice sent under section 9(2) of this chapter or subsection (a)(2). All other parts of a project not directly related to corrections required by the division, including previously completed corrections that the division has already accepted, are deemed approved for a design release and may not be included in subsequent notice requests sent under this section. Except for a project reviewed under IC 22-15-3-6 and subject to the deadlines set forth in this chapter, the division may delay issuing a design release until all corrections to a project have been accepted by the division.

Sec. 11. (a) This section applies if the results of a plan review reveal that a design professional knowingly or recklessly submitted plans or specifications containing one (1) or more violations of the rules of the commission that are determined by the division and the commission to pose a wanton and willful disregard for the public health, safety, or welfare.

(b) The provisions regarding the time limitations for review and notice under this chapter do not apply, and the division is not required to issue a design release and confirmation number for providing notice. The division shall send written notice of its determination to:

- (2) the design professional; and
- (3) the project owner or general contractor on whose behalf the application was submitted.

(c) An applicant that receives notice under subsection (b) may withdraw the application and submit a new application and plans to the division that are prepared by a different design professional. Withdrawal of an application does not affect any disciplinary action against the professional of record that prepared the plans described in subsection (a).

Sec. 12. (a) The division shall maintain the following information for every application:

- (1) The type of project that is the subject of the application.
- (2) The name and profession of the design professional.
- (3) The location of the project.
- (4) The date the application was submitted to the division.

- (5) Whether the application was selected for plan review.
- (6) If the application was selected for a review:
 - (A) whether the division requested corrections to the plans and specifications;
 - (B) the dates that corrections were requested by the division; and
 - (C) the dates that the applicant responded to the requests under clause (B).
- (7) Whether a design release was issued by the division. The date a design release was issued (if any) or other final action was taken.
- (8) Any other significant plan review activity related to an application.

(b) The division shall maintain the information described in subsection (a) in a single electronic file in a format that permits easy comparison of the information for each applicant. The division shall update the information at least quarterly.

- (2) by electronic mail, if the applicant provides an electronic mail address.

All other parts of a project not directly related to corrections included in a notice sent under these sections, including previously completed

corrections that the unit has already accepted, are deemed accepted and may not be included in subsequent notice requests sent under this section.
